

Position: Brewer

Location: Australia, Port Campbell (Sow and Piglets Brewery)

Job Type: Part-time

About our client:

The Sow & Piglets Guesthouse is an award-winning accommodation that has added a very successful brewery and taproom in 2016. The brewery is located in Port Campbell which is a small fishing village that attracts up to 2 million tourist a year from all over the world. It is nestled on the iconic Great Ocean Road and not far from stunning attraction such as the 12 Apostles, Otway Rainforest and brand-new 6-million-dollar bike trail which you can explore on your time off.

About your opportunity:

You will be working on a new 5hl gas-fired brewhouse and as well as a recently purchased Siemens-powered bottling line. All Sow & Piglets beers are handcrafted without any preservatives, staying true to traditional brewing methods. As the brewer, you'll be responsible for the entire process—from selecting the first grain to serving the first pour—ensuring quality and consistency every step of the way. In addition to brewing, you will get the chance to interact with customers directly by taking shifts behind the bar, sharing the story behind our beers and providing a unique experience to our guests.

Living and working on the stunning Great Ocean Road, you'll have the opportunity to enjoy the coastal lifestyle while working on something you love. Throughout your job you will be guided by an experienced German brewer who has travelled a similar path.
